Table of contents

What is Quarto?	1
What is Git?	1
What is GitHub?	1
Reflection	3

What is Quarto?

Quarto is a modern system of scientific and technical publication open source for creating documents, web site and books using languages as *Python* or *R*. Its output can be in different formats as: PDF, HTML, Word

What is Git?

Git is a software system that records the history of a project, allowing you to track every single change to the files and go back in time in case of errors. The Git logo is visible in Figure 1.

What is GitHub?

GitHub is an online platform that hosts projects managed with *Git*, acting as a secure cloud backup and a social network for software developers.

Figure 1: Git logo

Table 1: fruit prices

fruit	price
apple	1,20
orange	0,95
peach	1,30

An apple is more expensive than an orange, as we can see in [Table 1](#)

Reflection

Working with Quarto, Positron, Git and GitHub I found the task of adding an image and a table to the document difficult. I am also having trouble committing my changes.
